AMENDMENTS TO THE SPECIFICATION

Please replace the paragraph at page 2, lines 19 to 24, with the following amended paragraph:

When an OS file system is implemented using a relational database system, a series of file system operations may be performed as a transaction within the database system. Techniques for performing file system operations as a transaction are described in U.S. Patent Application No. 09/571,496, which issued as U.S. Patent No. 6,922,708 on July 26, 2005, entitled "File System that Supports Transactions", filed on May 15, 2000, by Eric Sedlar, the entire contents of which are incorporated herein by this reference.
